

Sourcing Analysis

Unlock your Supply Chain sourcing data for cost savings with ThoughtSpot®

Is materials sourcing a competitive advantage?

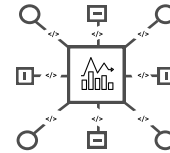

All large manufacturing organizations leverage ERPs, like SAP® and JD Edwards®, for direct and indirect sourcing, but many **still operate in a data-impaired state**. It is difficult to see how sourcing impacts the overall supply chain and get necessary operational data without additional analytical solutions.

ERPs have
Limited Reporting

BI tools get **stuck** on large
data volumes & variety

Lack of Automated Insights
“News from Noise”

Search and mine PO details to find opportunities.

Axis' Sourcing Analysis solution, powered by ThoughtSpot®, allows you to **easily explore your sourcing information** (purchase orders & requisitions) from SAP® or JD Edwards®. Axis Group has built customized data pipelines to establish your first ThoughtSpot® model and has recommendations for industry best practice pinboards to get you started.

Savings Made Simple

In just a few weeks, Axis Group can install ThoughtSpot®, and configure our Sourcing Analysis solution on your ERP. system to provide the following benefits:

- > **New insights** into your business spend – analyze by buyer, date, status, supplier, item, class, etc.
- > **Identify** “cost out” opportunities – Rouge buyers, supplier substitutes, least cost supplier, item price mismatches, payment term inconsistencies, etc.
- > Process **improvement opportunities** supported by data insights and SpotIQ®

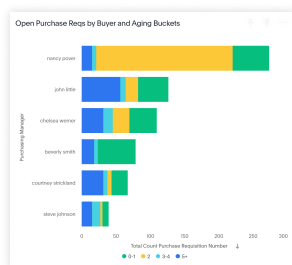

Stream-Lined Process

We have a packaged solution to get **your first win**. Initial pinboards, schema and data model are ready for search in as little as four weeks. Axis Group has pre-built ETL scripts that make ingestion easy, and remove any of the guesswork in building the right data model for Search.

	Jumpstart
Install and Configuration	One Dataset (ERP)
Implementation planning	✓
Hardware sizing and recommendations	✓
ThoughtSpot® server installation	✓
ThoughtSpot® server security configuration	✓
Implement Axis development foundation (ADF) folder structure & templates	✓
ThoughtSpot® administrator training	half a day
Implementation	Week 1-4
Application Deployment	40 hours
Client Customizations	80 hours
Support	6 months/ 10 hr month
Price	\$75K (excludes TS pricing)

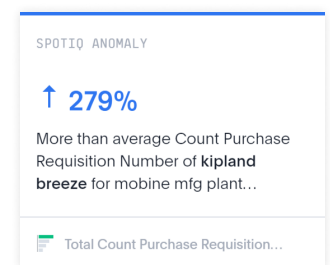

Pre-Built Pin Boards

Configured Data Model
